News Talk 800 Interviews Dr. Randall E. Merchant, Ph.D. About Sun Chlorella

July 31, 2009, Torrance, CA - Tom Roten of News Talk 800WVHU interviewed Dr. Merchant about the promising studies done with Sun Chlorella, and chlorella's exciting health benefits.

Chlorella is a single-cell, fresh water green alga. It's considered a "superfood" because it has more protein and chlorophyll than any other plant; is high in vitamins, minerals, dietary fiber, and nucleic acids; and, chlorella includes all the essential amino acids.

According to Dr. Merchant, "chlorella has more chlorophyll by weight than any plant that grows on the land, so it's a rich source of chlorophyll." We've known for many years that chlorophyll is a natural antibiotic and it has the ability to help detoxify the body, helps eliminate toxins, like dioxin and heavy metals, from the body."

Dr. Merchant has been studying chlorella for the last 20 years. He has conducted various small studies that, while not conclusive, showed chlorella may help support healthy blood pressure, delay the onset of type II diabetes, and help improve symptoms of Ulcerative Colitis.

He went on to say that Chlorella is not just for people with problems. It's a green superfood that's perfect for anyone who wants to maintain their good health. Most people don't get enough green foods into their diet so chlorella is the perfect solution. "One serving of chlorella is the equivalent of getting one serving of vegetables," says Dr. Merchant.

About Randall E. Merchant, Ph.D.

Dr. Randall E. Merchant earned his Doctoral and Master of Sciences degree from the University of North Dakota with a major in Anatomy, minor in Immunology. He has been a Professor of Anatomy and Neurosurgery at Virginia Commonwealth University since 1982. Dr. Merchant and his team of colleagues have conducted several clinical investigations on the effects of dietary supplementation with chlorella in patients with various chronic illnesses. Dr. Merchant continues to be in the forefront of double-blind, placebo-controlled clinical research on chlorella.

About Sun Chlorella U.S.A.

Sun Chlorella U.S.A. (www.sunchlorellausa.com) is a distributor of Sun Chlorella "A", Pet Sun Chlorella, Sun Eleuthero, Wakasa Gold, Wakasa Honey, Sun Eleuthero Extract, Sunergize, Sun Chlorella Cream and Sun Eleuthero Tea.
